Qualification Systems
The International Olympic Committee (IOC) has confirmed the qualification systems for the Tokyo Olympic Games.

The qualification systems are published as separate documents for each discipline and are available here for Road, Mountain Bike, Track, BMX Racing and BMX Freestyle.

The official versions of the qualification systems are published on the NOCnet (IOC extranet for NOCs).

Please note that the official version of the qualification systems published by the UCI is the same as the one uploaded on the NOCnet. However, should there be any disparity between these documents, the version published on NOCnet will prevail.

The UCI Management Committee approved the new qualification systems based on the new events programme and athlete quota allocations. The IOC principles for qualification have been applied, and efforts have been deployed on ensuring that the best rides have had the opportunity to be qualified, balanced with the need to create regional representation. Opportunities have been sought to simplify the text and create greater clarity for National Federations and NOCs.

Main Changes from Rio 2016
General
- All riders will need to hold at least 10 UCI points in a discipline to be eligible to be registered;
- NOCs will be allowed to enter riders allocated a quota place, in other disciplines, so long as the rider fulfils the eligibility criteria.

Road
- The overall quota allocated to the Men has been reduced from 144 to 130;
- The UCI World Ranking will be used as the main route of allocation replacing the complex use of multiple rankings;
- Full continental representation will be protected in the Individual Time Trial via a special provision.

Track
- The Madison for Men and Women has been added to the programme with no additional athlete quota available;
- The number of teams qualifying in the Team Sprint and Team Pursuit events has reduced from nine to eight;
- Due to the limited available quota, nations who qualify in Team Pursuit will automatically qualify for the Madison, but with no additional quota. Similarly those nations which directly qualify to the Madison will automatically qualify for the Omnium, but with no additional quota;
- Maximum continental quotas have been removed. Full continental representation is protected via a special provision, with a minimum of four quota places available for all continents (2 per gender, split between sprint and endurance events).

Mountain Bike
- The Men’s and Women’s quotas have been equalized at 38 quota places;
- Qualification opportunity from the UCI World Championships has been added.

BMX Racing
- The Men’s and Women’s quotas have been equalized at 24 quota places.

BMX Freestyle
- New system created adopting similar methodology as BMX Racing.

2018 BUENOS AIRES YOUTH OLYMPIC GAMES : J-184 GET READY!
Buenos Aires 2018
Juegos Olímpicos de la Juventud
YOG DNA
The 2018 Youth Olympic Games will take place in Buenos Aires, Argentina, from the 6 to 17 October.

Qualification System and regulations

The qualification system is available on the UCI website. Please be aware that the UCI Regulations have been amended for the Combined Team Event. The order of events will now be the following:

- Road Cycling – Team Time Trial
- Road Cycling – Road Race
- Mountain Bike – Cross-country Eliminator
- Mountain Bike – Cross-country Short Circuit
- Road Cycling – Criterium

Other details have been added, we would kindly ask National Federations to be acquaint with the revised UCI Regulations.

Registration

The UCI sent the quota confirmation email to all National Olympic Committees (NOC) on 19 March, with the National Federations in copy. NOCs were responsible to confirm acceptance of, or decline, the available quota.

Quotas which were not confirmed by the deadline will be reallocated to the next eligible NOC.

The reallocation process requires that quota offers are accepted within 48 hours of receipt. National Federations are alerted to this fact in order to work closely with their NOC to be responsive to these reallocated quota offers. The reallocation process will commence week commencing 2 April 2018.

As a reminder, to be eligible to participate in the 2018 Youth Olympic Games, athletes must be born between 1 January 2000 and 31 December 2001.

Please keep in mind that a National Olympic Committee delegation may count a maximum of 75 athletes in individual sports and one (1) men’s and one (1) women’s team across team sports (football, handball, hockey and rugby).

An exception is made for the Host Country where it can qualify a maximum of one (1) team per team sport.

Event Information

The Youth Olympic Village will open on 2 October with the Opening Ceremony of the Games taking place on 6 October and the Closing Ceremony on 18 October.
The Organising Committee has invited all athletes to stay for the duration of the Games.
